CALIFORNIA WASTE MANAGEMENT BOARD
SOLID WASTE FACILITY DETERMINATION OF CONFORMANCE #88-3
SOLID WASTE FACILITIES PERMIT DECISION #88-25
AUGUST 10-12, 1988

WHEREAS, Tahoe-Donner Disposal, Inc. has notified the Board of its intention to expand the Eastern Regional Landfill; and

WHEREAS, the Local Enforcement Agency has submitted a revised Solid Waste Facilities Permit No. 31-AA-560 to this Board for consideration of concurrence to its issuance; and

WHEREAS, the Board finds that the Placer County Public Works Department has determined the project to be in conformance with the County Solid Waste Management Plan; and

WHEREAS, the Board has considered the issue of conformance for the landfill expansion from the standpoint of local issues and planning, consistency with the Board's State Policy, consistency with the short, medium and long term facilities elements, and goals and objectives of the County Solid Waste Management Plan; and

WHEREAS, the Board finds that Placer County has approved an Environmental Impact Report for this project in compliance with the California Environmental Quality Act, and the Board concurs with the County's determination; and

WHEREAS, the Placer County Public Works Department has found the landfill expansion to be in conformance with the County General Plan; and

WHEREAS, the Board finds the proposed permit revision consistent with the Placer County Solid Waste Management Plan, the State Minimum Standards for Solid Waste Handling and Disposal, and the County General Plan,

NOW THEREFORE BE IT RESOLVED that the California Waste Management Board finds the expansion of the Eastern Regional Landfill, which will receive up to 105 tons per day, to be in conformance with the Placer County Solid Waste Management Plan; and

BE IT FURTHER RESOLVED that the California Waste Management Board concurs with the issuance of Solid Waste Facilities Permit No. 31-AA-560.

CERTIFICATION

The undersigned Chief Executive Officer of the California Waste Management Board does hereby certify that the foregoing is a full, true and correct copy of a resolution duly and regularly adopted at a meeting of the California Waste Management Board held August 10-12, 1988.

Dated: AUG 11 1988

George T. Eowan
George T. Eowan
Chief Executive Officer

1. This facility is a 101.6 acre Class III (new Subchapter 15 designation) sanitary landfill at elevation 6,200 feet. The area method of operation is utilized. The disposal site received approximately 60-70 TPD of municipal solid waste, including 30 cubic yards per week of chemical and digested sewage treatment plant sludge from the Tahoe Truckee Sanitation Agency wastewater treatment plant. The types of waste are further characterized as follows:
 - a. Residential solid waste
 - b. Commercial solid waste
 - c. Tires
 - d. Construction/demolition wastes
 - e. Occasional small dead animals
 - f. Unprocessed wood waste
2. The site is open from 8:00 a.m. to 4:00 p.m., Monday through Saturday.
3. Operations are conducted as specified in the "Environmental Assessment, North Tahoe Sanitary Landfill Expansion, Placer County, California" prepared by Eljumaily-Butler Associates, 1984. This document serves as the "Report of Information" for this disposal site. No operational or design changes are anticipated for the next five years.
4. Land within 1,000 feet of the site is zoned Forestry (F).
5. Aluminum cans, white goods and scrap metal are salvaged on a limited basis due to severe winter weather conditions; asphalt and concrete rubble are salvaged for use on-site as road base material in the tipping area.
6. The design and operation of this facility are in compliance with State minimum standards based upon inspection of the site on March 30, 1988.
7. The following documents condition operation of this facility:
 - a. California Regional Water Quality Control Board, Lahontan Region, Board Order No. 6-84-114, Revised Waste Discharge Requirements for Eastern Regional Landfill, Placer County.
 - b. Decision Notice and Finding Of No Significant Impact, County of Placer, Eastern Regional Landfill Expansion, U.S.D.A. Forest Service, Tahoe National Forest, Truckee Ranger District, Placer County, California.
 - c. Environmental Assessment, North Tahoe Sanitary Landfill Expansion, Placer County, California, by Eljumaily-Butler Associates, 1984.
 - d. Report of Disposal Site Information.
8. This facility does not fall under the jurisdiction of a local fire protection district. It is in conformance with Federal fire standards as determined by the U.S.D.A. Forest Service, under whose jurisdiction this facility lies.
9. This permit is consistent with the latest version of the Solid Waste Management Plan for the County of Placer.

10. This disposal site lies upon U.S.D.A. Forest Service land within the unincorporated portion of the County. The County Planning Commission has no land-use jurisdiction on the Federal land; however, the site has been approved in principle by the Planning Commission both for General Plan and zoning compliance.
11. The Placer County Board of Supervisors has determined that the surrounding land use is compatible with the facility.
12. This permit is consistent with the standards adopted by the California Waste Management Board.

CONDITIONS:

1. This facility shall comply with State Minimum Standards for Solid Waste Handling and Disposal.
2. This facility shall comply with all federal, state and local requirements and enactments.
3. Additional information shall be provided when and if required by the Health Department

PROHIBITIONS:

The following actions are prohibited at this facility:

1. Disposal of hazardous waste.
2. Scavenging.
3. Open burning of refuse.

This facility has a permitted daily capacity of 105 tons per day and shall not receive more than 105 per day without first obtaining a modification of the permit.

SPECIFICATIONS:

No significant change in design or operation from that described in the "Report of Information" is allowed, except for those changes which may be required under "CONDITIONS" portion of this permit.

PROVISIONS:

1. This permit is subject to review by the enforcement agency and may be suspended, revoked or modified at any time for sufficient cause.
2. This permit confers on all the holder no property right.

MONITORING:

At the discretion of the local enforcement agency, landfill gas probes shall be installed for the detection of migration. If needed, a landfill gas control system shall be installed.
